## Meet the people we support:

At Trent View, we provide specialist residential care for adults with complex needs, supporting and celebrating the individuality of each person. One of the people we support is a vibrant and sociable lady who loves conversation, creativity, and connecting with others.

She enjoys group activities, chatting with team members, and is a huge fan of Strictly Come Dancing, soap operas, celebrity news, and her favourite band, Little Mix. A keen cook and baker, she takes pride in helping prepare meals and trying new recipes.

Family is central to her life, and she stays closely connected to her parents and brother. Living with multiple diagnoses including a moderate learning disability, autism, ADHD, and epilepsy, she sometimes experiences behaviours that challenge but with the right support, is able to lead a full and meaningful life.

We're proud of the diverse individuals who make up the Trent View community, each bringing their own energy, joy, and personality to daily life.
