

Lorne Road

16 Lorne Road, Northampton, NN1 3RN

Lorne Road is a development of 7 high quality, self-contained apartments in Northampton, providing accommodation and 24-hour support.

At SIL, we support and sustain the transition of people severely affected by mental illness, including psychotic, affective and personality disorders, from institutional settings to their own tenancy in the community. This enables people in recovery to live independently while receiving the exact package of support they need.

Additional factors may include: Drug and alcohol issues
Depression | Anxiety | Physical health and mobility issues
Mild learning difficulties | Forensic history | Fire-setting history.

Our person-centred recovery support is provided by our core on-site team of Recovery Support Workers, with additional support from our Quality and Practice team of mental health professionals (RMNs, Social Workers and OTs).

To make a referral to Lorne Road, please contact:

Lisa Garrard, Scheme Manager

on 01604 624 946 / 07356 310773

or email lisa.garrard@lifeways.co.uk

Community connections

Located in the heart of Northampton, Lorne Road offers easy access to all local shops and amenities. Grosvenor Shopping Centre is a short walk away and you'll find plenty of high street shops, cafes and restaurants in the town centre.

Also close by is The Racecourse, over 100 acres of recreational ground with facilities for tennis, football and plenty of space for walks. The service is close to Northampton train station, offering great transport links across the country.

“ Jack's story

I was in hospital for about five years before finding SIL, going around in the system - just stuck. I've been here for two and a half years now, and the team have been so supportive. There's never any judgement, and always someone around if I need to talk. I'm working towards moving out soon, and starting a course for peer support to help others struggling within the health system.

Our referrals process

- 1** Call or email us and we'll arrange a suitable time to discuss your enquiry. If we agree our service seems a good fit, we'll send you our referral pack and start gathering all the information we need to complete the referral process.
- 2** Once we've received your completed referral form and background documentation, we'll make arrangements to start our assessment. This will include a scheme visit, discussions with key individuals, and time with the person referred to introduce SIL and understand their views and goals for their recovery support.
- 3** Once we have completed our comprehensive assessment, this will be sent along with costings to the commissioning / case management team for approval.
- 4** Once funding is agreed, we'll match the person with a suitable flat and start the tenancy application process. As soon as the tenancy offer is back, we'll work together with the existing multidisciplinary and care teams to arrange a thorough discharge, and/or a transition plan.
