

Rose Meadow: Warm, supportive Residential Care in a quiet village location

Misterton, Nottinghamshire

- Beautiful rural location
- Large, detached property
- Eight studio apartments
- Close to Doncaster and Sheffield

The team at Rose Meadow is ready to welcome people into a stimulating and supportive home, designed to help them live happy, fulfilling and independent lives. Our home supports adults who are autistic or have complex behaviours or are living with acquired brain injuries or learning disabilities.

Set in the beautiful rural surroundings of Misterton, between Gainsborough and Bawtry, Rose Meadow offers year-round opportunities for the people we support to engage with our team, each other and the wider community.

Our large, detached property features eight studio apartments, each with an ensuite bedroom, lounge and kitchenette. There's also shared spaces including a kitchen, dining area and a spacious living room, so there is always somewhere to relax or socialise. Outside there's plenty to enjoy too, including a polytunnel and an abundance of wildlife, perfect for making the most of warmer days.

Meet the team

Rose Meadow's dedicated and highly skilled team provide consistent, compassionate support. They take the time to get to know each person, their personality, needs, likes, dislikes and interests so they feel at home from the moment they move in. They also work closely with families, social workers, GPs and other professionals to ensure each person receives the highest standard of care and support that's right for them.

Alongside a thorough induction, every team member completes specialist training tailored to the needs of the people we support. This includes NAPPI, seizure management, autism spectrum support, dysphagia awareness and Positive Behaviour Support (PBS), delivered in partnership with our Specialist Support Team.

Meet the people we support

Rose Meadow is home to a diverse group of adults, each with their own needs, preferences and personal goals. Some people may at times display behaviours that challenge, and we work in a person-centred way to help them build confidence, develop new skills and feel more in control of their daily lives.

As part of a recent £250,000 refurbishment, several bedrooms have been redecorated with unique themes, each chosen by the people we support to allow them to express their personalities. These include everything from one person's love of Harry Potter to another's fascination with Queen Elizabeth II and the Royal Family.

The refurbishment work was carefully tailored to improve the lives of the people supported at Rose Meadow. For example, a resident who previously had an ensuite with only a toilet and sink and preferred daily baths now has a new ensuite that includes both a bath and a shower, removing the need to walk downstairs.

Life at Rose Meadow

Rose Meadow is a spacious, welcoming home that offers plenty of opportunities for people to spend time together or enjoy quiet moments alone, depending on their preference. Our extensive grounds are ideal for games, relaxing outdoors or simply enjoying the fresh air.

Everyone is encouraged to make their own choices about how they spend their time. Favourite activities include trips into nearby towns for shopping, bowling or visiting the cinema. Many people also enjoy regular walks down the canal path, taking in the beautiful countryside on our doorstep.

Our location

Alongside the peaceful rural surroundings of Misterton, Rose Meadow is within easy reach of Doncaster and Sheffield, both popular destinations for days out. People regularly enjoy visits to cinemas, bowling alleys, restaurants, shops, theatres, museums and more. For those who enjoy the outdoors, Sherwood Pines is less than 40 minutes away with over 3,300 acres of forest and wetland to explore.
